

Ramsey's Farm

Ramsey's Farm had a very successful 2005 season and welcomes your student's back to experience our improved activities in fall 2006. Our curriculum meets DE, NJ, and PA school science and math guidelines. From the very beginning, it has been our philosophy to make a field trip to Ramsey's Farm an affordable, fun and memorable learning experience for the pre-K through 2nd grade students.

Still affordable at \$6.00 per student (teachers are always free) our typical field trip lasts approximately 2 hours and this year will consist of:

- Navigating a maze with grade specific trivia
- Learn about corn crops for animals and humans at the narrated corn maze.
- Meet Farmer Stewart in the Pumpkin Patch as he narrates the story of growing a pumpkin from seed to flower to harvesting.
- 30 minute hayride
- Optional: bring your own snacks or picnic lunch and eat in one of our picnic areas.

Upon arrival each student receives a Ramsey's Farm bag which they will fill with:

- A sugar pumpkin they personally pick from the Pumpkin Patch.
- An ear of popcorn chosen at the corn maze.
- A Ramsey's Farm activities coloring book.
- Family coupon for weekend activities.

We are now booking for the October 9th through October 27th, 2006 dates. This year for the first time we are offering an incentive to teachers who persuade other classes or schools to include Ramsey's Farm in their curriculum. Ramsey's Farm will host the teacher's family and/or friends (up to a party of six) to enjoy a weekend day of Pumpkin Patch activities at the farm. For more information please call me at 302-477-1499 box 1 or email farmerstewart@ramseysfarm.com.

Best regards,

Stewart Ramsey
